

## Home

For over twenty years Allied Mobile X-Ray and Ultrasound has made being on the cutting edge of health care diagnostics a priority. AMX continues to grow and move forward with the latest technological advancements available in their industry. Understanding that film x-rays would soon be a thing of the past, AMX has taken unprecedented strides to bring the future of imaging services to the present by implementing Digital Imaging. The Orex CR digital system allows for the ability to magnify the image, change the contrast, flip the x-ray, and even make annotations or measurements directly to the image. The radiologist will receive the image within minutes via the internet. An impressive turn-around time for the client will be achieved with accuracy and ease. For those physicians who insist on a film x-ray, those can also be provided directly from the CR system, offering the best of both worlds. Radiologist, physician, and client alike, can access the x-ray, the report and even voice dictation from their own computers. The sophisticated web site is available 24 hours, 7 days a week offering the same tools that AMX uses in their own office. AMX will store your x-rays on their web site for up to 7 years. Allied Mobile X-Ray brings you the future of technology today!

### Jackson Care-A-Van Partnership

Allied Mobile X-Ray and Ultrasound is a proud partner in the Jackson Health System Care-A-Van Program. To learn more about this outreach service that brings high-quality, reliable and comprehensive primary care services to adults and children in high-risk communities, please visit the Jackson Care-A-Van information page .

### Mission Statment

We have always strived to constantly improve the service that we provide to our clients. For no matter how perfect things seem to be, there is always a way to improve on even perfection. New technologies and new ideas can give a yet sharper edge to a sharp blade and more speed to what was once thought fast. We are ever evolving to maximize any benefit that may improve our service and the way we bring it to you.

AMX has been delivering Excellent Images and Service to South Florida for 20 years!

"We are what we repeatedly do. Excellence, then, is not an act, but a habit." - Greek philosopher Aristotle (384-322 B.C.).

Allied Mobile X-Ray was founded on a tradition of personal service.

-

The comfort of speaking to a familiar voice instead of an automated phone system.

-

AMX owners are always available to assist their clients.

-

Customized services that meet our clients' unique needs.

Providing the highest quality of service is our top priority. Equally important is our commitment to the industry and community we serve. AMX has sponsored numerous facility and community events such as the Senior Olympics, Health Fairs and other events. Each year, Allied Mobile X-Ray raises funds for and supports numerous patient centered, non-profit organizations. For over 10 years we have sponsored the largest holiday party in South Florida honoring the essential work of the nurses that care for our elderly. We are also active members of The Florida Health Care Association (FHCA), The Florida Association of Portable X-Ray Providers (FAPXP) and The National Association of Portable X-Ray Providers (NAPXP) all advocating the pursuit of the highest quality of care. Our owners have received some of the highest honors and awards for quality of service and excellence in the industry.

Allied Mobile X-ray realizes that customer service alone is not enough. Offering the fastest, most reliable and accurate portable x-ray service is what you really need and what we do best. At AMX we spare no expense in offering the latest, most technologically advanced equipment.

- Our Digital x-ray service is the most comprehensive in the industry.
- AMX is a company you can count on for same day results.
- Our technicians and certified radiologists are the best in their industry.
